Boost Liveweight Gain on Crops & Lush Green Pasture

StockMins-Crop Grazer Plus

StockMins-Crop Grazer Plus is a high magnesium, weatherproof, granular loose-lick supplement designed to boost lamb performance on green feed by satisfying common deficiencies in essential minerals, vitamins and trace elements.

Controlled Consumption for Optimum Efficacy

StockMins-Crop Grazer Plus has been specifically formulated for sheep to consume an average of 20 to 30g/hd/day to support effective mineral, vitamin and trace element supplementation while grazing green feed.

StockMins-Crop Grazer Plus vs Causmag, Lime & Salt

In recent trials conducted on lambs grazing barley crops and lush green pasture found that supplementing lambs with StockMins-Crop Grazer Plus significantly increased liveweight gain. In the trials StockMins-Crop Grazer Plus generated respective average daily gains of 12% and 14% higher than lambs supplemented with Causmag (MgO), lime and salt over the same period.

The Crop Grazer Plus Difference

Most green feed supplements use MgO as the sole source of magnesium. Although MgO is high in magnesium (approximately 58% elemental magnesium), magnesium absorbability is low in this form. ANP's qualified nutritionists formulated Crop Grazer Plus to include multiple types of magnesium including MgO, MgSO₄, MgCO₃ and Mg[OH]₂ for quicker and more efficient absorption at multiple sites in an animals GIT.

StockMins-Crop Grazer Plus

Green Feed Supplement for Sheep

Product Code: MBB11

StockMins-Crop Grazer Plus is a weatherproof, granular, loose-lick supplement, designed to elevate the performance of sheep grazing cereals and lush green pasture by improving feed conversion efficiency, immune function and energy metabolism.

Product Description

StockMins-Crop Grazer Plus provides balanced levels of essential minerals, vitamins and trace elements to correct common deficiencies associated with growing and lactating sheep grazing lush green feed.

In particular, **StockMins-Crop Grazer Plus** contains highly available magnesium to support rapid absorption into the bloodstream.

The inclusion of ANP's proprietary blend of trace elements and vitamin D assist in boosting immunity, energy metabolism and support the uptake and utilisation of key minerals.

StockMins-Crop Grazer Plus is also fortified with Bovatec to aid in the prevention and control of coccidiosis and improve liveweight gain and feed conversion efficiency.

Product Appearance

StockMins-Crop Grazer Plus is a light-brown, granular feed supplement. It is salty to the taste and has a distinct sweet molasses smell.

Feeding Instructions

Offer free-access allowing sheep or lambs to consume an average of 20 to 30g/hd/day. Once animals are fully adapted to the supplement, they will control their own intake. Use one tub (20L drum cut in half) for 40 to 50 lambs and replenish supplement as necessary.

Can also be included in mixed feed at a rate that allows animals to receive at least 25g/hd/day of **StockMins-Crop Grazer Plus**.

Tubs should have slits down the side to prevent the product from being submerged in water.

Caution

- Only feed to intended livestock
- Do not allow access to horses
- Read label for full direction for use

Typical Analysis (AFB)

Dry Matter	97%
Salt	36%
Magnesium	5.6%
Calcium	12.7%
Lasalocid	1000mg/kg
Vitamin D	30,000IU/kg
ANP's proprietary blend of trace elements at balanced levels, including: Cobalt, Copper, Iodine, Selenium, Zinc and Manganese

READ SAFETY DIRECTIONS

StockMins - Crop Grazer Plus

A dry weather resistant medicated animal feed premix for sheep, containing elevated levels of magnesium to supplement diets where levels may be low. Bovatec® is included to improve liveweight gain and feed conversion efficiency.

Active Ingredient: Lasalocid sodium (as BOVATEC 20CC) 1000mg/kg.

Also Contains:

Calcium (13%), sodium (13%), magnesium (6%) from 4 sources, phosphorus (2%), trace elements and anionic salts.

Net Weight: 25kg

Directions for Use

Restraints:

USE ONLY to supplement sheep & cattle.

Contraindications:

This product should not be fed to dogs, horses or other equids as this may be fatal.

NOT TO BE USED as a single dose treatment.

DO NOT USE in lactating ewes which are producing or may in the future produce milk that may be used or processed for human consumption.

DO NOT feed more than 400mg/head/day of lasalocid sodium to lactating dairy cattle.

DO NOT feed with other ionophores e.g. monensin capsules, liquid or premix.

Reduced daily gain may result at 5 times and mortality from 15 times maximum recommended dose of lasalocid sodium.

Caution: This product contains selenium.

Excessive tissue levels of selenium are toxic. Care should be taken to avoid over-supplementation from this product and/or concurrent use of other products containing selenium. If blood selenium levels are high this product should not be used.

Additional Product Warning:

Do not feed this product to hungry and/or dehydrated livestock.

Access to clean, fresh water must be available at all times when product is in use.

Salt deficient livestock may overconsume. Talk to ANP before use.

Rates of administration:

Sheep: Offer free access in troughs allowing a consumption rate of 20g to 30g/hd/day.

Alternatively, mix thoroughly together with other feed ingredients to make a mixed ration. The inclusion rate of finished feed should deliver the recommended dose of StockMins-Crop Grazer Plus for each animal daily, as per the class of animal indicated above.

WITHHOLDING PERIODS: SHEEP: MEAT: Zero (0) days MILK: Zero (0) days

TRADE ADVICE: EXPORT SLAUGHTER INTERVAL (ESI): An ESI has not been established for this product.

Note-observing the meat withholding period may not be sufficient to mitigate potential risks to export trade.

SAFETY DIRECTIONS: Harmful if swallowed. Will irritate the eyes and may irritate the skin. Avoid contact with eyes and skin. If product gets in eyes, wash out immediately with water. Wash hands after use. Additional information is listed in the Safety Data Sheet (SDS), available from AusFarm Nutrition Products.

FIRST AID: If poisoning occurs, contact a doctor or Poisons Information Centre. Phone Australia 131 126

ENVIRONMENTAL STATEMENT: DO NOT Contaminate dams rivers streams or other waterways with the product or used bag.

DISPOSAL: Shake container into medicated feed. Do not dispose of undiluted chemicals on-site.
Do not burn empty bags or product.

STORAGE: Store in a cool dry place. Keep bag tightly closed.

THIS PRODUCT DOES NOT CONTAIN RESTRICTED ANIMAL MATERIAL

Condition of sale: AusFarm Nutrition Products accepts no responsibility for any consequences incurred from the use of this product outside of the instructions and recommendations outlined in the feeding instructions.
