- If lameness is a concern, or grazing boggy pastures, supplement with StockMins-Hoof n Horn in all scenarios

- **StockMins-Lamb Finisher, StockMins-Lamb Grower, StockMins-Lamb Feedlot & StockMins-Stubble Starter** are designed to accompany moderate to high grain feeding

Purpose Built Supplements for High Production

Product	Purpose	Description	Contains
StockMins-EweLamLac Weatherproof Antibiotic free	StockMins-EweLamLac is designed to help reduce pregnancy toxemia and stress related diseases during lambing.	A complete lambing supplement providing ewes with increased levels of essential minerals, vitamins and trace elements to satisfy elevated requirements from late-pregnancy to early-lactation.	Magnesium (5.5%), Phosphorous (4.5%), Calcium (17.6%), Salt (25%), Vitamin E (750mg/kg).
StockMins-Hoof n Horn Weatherproof Antibiotic free	StockMins-Hoof n Horn is designed to strengthen and fortify hooves and chitinous tissues at times when animals are predisposed to foot abscess and other hoof related diseases.	A high specification supplement providing elevated levels of organic and inorganic zinc, biotin, vitamin E, iodine and other minerals, vitamins and trace elements associated with hoof health, immune function and high production.	Magnesium (5.8%), Calcium (15.5%), Salt (26%), Biotin (200mg/kg), Vitamin E (2000mg/kg), Zinc (6000mg/kg).
StockMins-Crop Grazer Plus Weatherproof	StockMins-Crop Grazer Plus is designed to achieve and support rapid weight gain in sheep grazing lush green pastures and crops.	A complete mineral and trace element supplement that corrects deficiencies in livestock grazing lush green feed. This elevates feed conversion efficiency, immune function and energy metabolism to support rapid growth.	Magnesium (5.9%), Calcium (13.2%), Salt (35%), Vitamin D (30000iu/kg), Lasalocid (1,000mg/kg).
StockMins-Lamb Finisher Weatherproof	StockMins-Lamb Finisher is designed to boost feed conversion efficiency and drive rapid liveweight gain in lambs grazing lucerne or mature green pasture.	A complete mineral, vitamin, trace element and buffered supplement that increases the digestibility of the pasture, corrects the protein levels of the diet and makes better use of the available energy in mature green feed.	Crude Protein (12%), Calcium (16.8%), Salt (35%), Vitamin E (500mg/kg), Lasalocid (1,000mg/kg).
StockMins-General Purpose Weatherproof Antibiotic free	StockMins-General Purpose is designed to support reproduction by aiding in the development of male and female reproductive systems, the process of fertilisation and the maintenance of pregnancy.	An economic and convenient mineral and trace element supplement providing a measured blend of essential minerals, vitamins and trace elements to support growth, reproduction and immunity.	Magnesium (2.6%), Calcium (12.2%), Phosphorus (1.8%), Salt (40%), Cobalt, Copper, Iodine, Manganese, Selenium, Zinc and Vitamins A, D & E.
StockMins-HiPro Weatherproof Antibiotic free	StockMins-HiPro is designed to increase the utilisation of dry pastures and stubbles to support maintenance for dry sheep when forage quality is limiting.	A complete high protein mineral, vitamin and trace element supplement that elevates fibre digestibility and increases the value of dry, low value feed.	Crude Protein (27%), Calcium (18.6%), Salt (30%), Vitamin E (750mg/kg), Urea (9%).
StockMins-Stubble Starter Weatherproof Antibiotic free	StockMins-Stubble Starter is designed to support sheep grazing recently harvested cereal crops to increase the utilisation of dry feed and reduce the risk of acidosis from spilt grain.	A high protein grain assisted dry feed grazing supplement offering minerals, vitamins, trace elements and buffers that support optimum health and boost growth on high grain diets.	Crude Protein (27%), Calcium (12%), Short & Long-acting Buffers, Vitamin E (750mg/kg), Urea (9%).
StockMins-Lamb Feedlot Weatherproof	StockMins-Lamb Feedlot is a complete supplement designed to accompany and balance high grain diets for growing lambs and sheep in feedlots.	A blend of essential minerals, vitamins, trace elements and buffers that support optimum health and boost growth of sheep on high grain diets.	Crude Protein (6.7%), Calcium (7.5%), Salt (30%), Vitamin E (750mg/kg), Lasalocid (1,200mg/kg).
StockMins-Lamb Grower Weatherproof	StockMins-Lamb Grower is designed to accompany and balance high grain diets for growing lambs and sheep in feedlots and grazing dry feed where protein may be limiting.	A high protein feedlot and grain assisted dry feed grazing supplement offering minerals, vitamins, trace elements and buffers that support optimum health and boost growth on high grain diets.	Crude Protein (28%), Calcium (14.5%), Salt (30%), Vitamin E (750mg/kg), Urea (7%), Lasalocid (1,000mg/kg).
