BoviBloat Plus

Bloat Control Supplement for Cattle

Designed to aid in the reduction of bloat in cattle on pasture

Dual-action formulation to aid in controlling bloat development & symptoms

Bovatec[®] can boost liveweight gain in grazing livestock by up to 14%

Support Growing Cattle on Lush Green Feed

StockMins-BoviBloat Plus

StockMins-BoviBloat Plus is a medicated, dual-active, palatable, loose lick supplement designed to assist in the control and onset of frothy bloat symptoms in cattle grazing green feed.

Controlled Consumption for Optimum Efficacy

StockMins-BoviBloat Plus has been specifically formulated for cattle under bloat conditions to consume an average of 100g to 150g/hd/day to achieve desired dose and effect. Consumption may vary depending on pasture quality, quantity and bloat challenge.

At the average targeted consumption rate of 150g, one bag of **StockMins-BoviBloat Plus** should supplement 160 cows per day.

Minerals and Trace Elements

StockMins-BoviBloat Plus is fortified with essential minerals and trace elements to assist in correcting common deficiencies associated with livestock grazing green feed.

Built with Bovatec

Along with a registered bloat claim, to aid in the reduction of bloat in cattle on pasture, Bovatec can generate improved liveweight gains and feed conversion efficiency in cattle grazing green feed and mixed rations.

BoviBloat Plus

Bloat Control Supplement for Cattle

Product Code: MVBB1

BoviBloat Plus is a weatherproof, granular, loose-lick supplement. It is designed to assist in the control and onset of symptoms of pasture bloat by direct feeding at pasture.

Product Description

BoviBloat Plus contains a combination of two effective active constituents, Teric and Bovatec that, in combination aid in the prevention of bloat development and reduction in bloat symptoms.

BoviBloat Plus is also fortified with essential minerals and trace elements to assist in correcting common deficiencies and driving improved conversion efficiency in cattle grazing green feed.

Relevant additional Bovatec (Lasalocid) claims

- For improved liveweight gains and feed conversion efficiency in growing cattle.
- For the control of clinical signs of coccidiosis and reduction in faecal shedding caused by *Eimeria bovis* and *Eimeria zuernii* in growing cattle.

Product Appearance

BoviBloat Plus is a mid brown, molasses, semi-granular feed supplement. It is salty to the taste and has a distinct sweet molasses smell.

Feeding Instructions

Offer free-access allowing cattle to consume an average of 100 to 200g/hd/day. Once animals are fully adapted to the supplement, they will control their own intake. Use one tub (200L drum cut in half) for 25 cows or one trough (1000L IBC cut in half) for 50 cows and replenish supplement as necessary.

Can also be included in mixed feed at a rate that allows animals to receive at least 100g/hd/day of **BoviBloat Plus**.

Tubs should have slits down the side to prevent the product from being submerged in water

Caution

- Only feed to intended livestock
- Do not allow access to horses
- Do not allow access to sheep

Typical Analysis (AFB)

Dry Matter	88%
Crude Protein	4.5%
MER (Dry Matter)	5.7MJ/kg

READ SAFETY DIRECTIONS

BoviBloat Plus

A medicated dual-active animal feed premix for cattle, designed to assist in the control and onset of frothy bloat symptoms in cattle grazing green feed. Bovatec® is included to improve liveweight gain, feed conversion efficiency, and assist in the control of bloat.

Active Ingredient: Lasalocid sodium (as BOVATEC 20CC) 2000mg/kg.

Also Contains:

Calcium (7%), Sodium (5.5%), Magnesium (6%), Teric Oil (7.5%), and trace elements.

Net Weight: 20kg

Directions for Use

Restrains:

USE ONLY to supplement beef and dairy cattle.

Contraindications:

This product should not be fed to dogs, horses or other equids or sheep as this may be fatal.

NOT TO BE USED as a single dose treatment.

DO NOT USE in lactating ewes which are producing or may in the future produce milk that may be used or processed for human consumption.

DO NOT feed more than 400mg/head/day of lasalocid sodium to lactating dairy cattle.

DO NOT feed with other ionophores e.g. monensin capsules, liquid or premix.

Reduced daily gain may result at 5 times and mortality from 15 times maximum recommended dose of lasalocid sodium.

Caution: This product contains selenium.

Excessive tissue levels of selenium are toxic. Care should be taken to avoid over-supplementation from this product and/or concurrent use of other products containing selenium. If blood selenium levels are high this product should not be used.

Additional Product Warning:

Do not feed this product to hungry and/or dehydrated livestock.

Access to clean, fresh water must be available at all times when product is in use.

Salt deficient livestock may overconsume. Talk to ANP before use.

Rates of administration:

Offer free access in troughs allowing a consumption rate of 100g to 150g/hd/day.

Alternatively, mix thoroughly together with other feed ingredients to make a mixed ration. The inclusion rate of finished feed should deliver 150g/hd/day of BoviBloat Plus to each animal daily.

WITHHOLDING PERIODS: CATTLE: MEAT: Zero (0) days MILK: Zero (0) days

TRADE ADVICE: EXPORT SLAUGHTER INTERVAL (ESI): An ESI has not been established for this product.

Note-observing the meat withholding period may not be sufficient to mitigate potential risks to export trade.

SAFETY DIRECTIONS: Harmful if swallowed. Will irritate the eyes and may irritate the skin. Avoid contact with eyes and skin. If product gets in eyes, wash out immediately with water. Wash hands after use. Additional information is listed in the Safety Data Sheet (SDS), available from AusFarm Nutrition Products.

FIRST AID: If poisoning occurs, contact a doctor or Poisons Information Centre. Phone Australia 131 126

ENVIRONMENTAL STATEMENT: DO NOT Contaminate dams rivers streams or other waterways with the product or used bag.

DISPOSAL: Shake container into medicated feed. Do not dispose of undiluted chemicals on-site. Do not burn empty bags or product.

STORAGE: Store in a cool dry place. Keep bag tightly closed.

THIS PRODUCT DOES NOT CONTAIN RESTRICTED ANIMAL MATERIAL

Condition of sale: AusFarm Nutrition Products accepts no responsibility for any consequences incurred from the use of this product outside of the instructions and recommendations outlined in the feeding instructions.
