

BOVIFLYBYE

Fly Controlling Supplement for
Cattle Grazing Green Feed

**SAY BYE TO
FLIES &
PINKEYE THIS
SEASON**

Product Summary

BoviFlyBye

~ Fly Controlling Supplement for Cattle Grazing Green Feed ~

Product Code: MBGF32

Purpose:

BoviFlyBye is a specially formulated granular supplement that is designed to aid in reducing fly pressure on cattle while providing essential minerals, vitamins and trace elements at levels to support green feed grazing.

Flies are known to play a role in the transmission of diseases such as pinkeye within the herd. By improving immunity and reducing fly pressure, BoviFlyBye has been shown to decrease the incidence of pinkeye in cattle.

Product Appearance:

BoviFlyBye is a semi-granular, dust-free meal. It has a distinct garlic smell and is dark brown in colour.

Product Features:

- Has been shown to reduce fly cover and defensive behaviour from cattle under differing levels of fly pressure
- Provides balanced levels of calcium, phosphorous, magnesium and salt for optimum performance
- Provides effective starch to stimulate greater rumen microbial activity, increase nitrogen utilisation and improves fibre digestion.
- Fortified with essential trace elements (I, Se, Cu, Mn, Mo, Zn, Co) and vitamins A, D & E to help promote immunity, optimum health, fertility and wellbeing
- Sulphur at elevated levels to further stimulate rumen function and boost feed use efficiency.
- Flavoured, oiled and granular to increase palatability, control dust, reduce product losses and limit segregation in mixed feeds
- Weatherproof and easy to use

Feeding Instructions:

Free Access Feeding: Offer BoviFlyBye free access in tubs (shuttles or 200L drums cut in half) allowing consumption to average around 150g/hd/day. Ensure that feed tubs have adequate drainage points so the product doesn't sit in water.

Mixed Rations: Mix thoroughly other feed additives at an inclusion rate that allows an average intake level of 150g/hd/day.

Cost:

BoviFlyBye, at recommended daily intake levels, costs approximately 30 cents/hd/day

Caution:

- **Feed only to livestock intended.**
- **Do not feed to sheep.**
- **Read label instructions before use.**
